

# ARUN S

## Machine Learning Developer

 +91 9787720191 |  [arunsubramaniyan323@gmail.com](mailto:arunsubramaniyan323@gmail.com) |  [LinkedIn](#) |  [GitHub](#)

### Profile

Aspiring MLOps Engineer with strong foundations in AI, Machine Learning, and full-stack tools. Skilled in building real-time intelligent systems, cloud-based applications, and web development. Passionate about designing scalable ML pipelines and production-ready solutions.

### Education

B.Tech – Artificial Intelligence and Data Science, Sri Shakthi Institute of Engineering And Technology 2023 - Present  
CGPA: 8.47  
HSLC – Bio – Maths, Govt. hr. Sec. School 2022 - 2023  
Percentage: 81.5%

### Skills

|                                                          |                                                                                                       |
|----------------------------------------------------------|-------------------------------------------------------------------------------------------------------|
| <b>Programming Languages:</b><br>Python, C, SQL, MongoDB | <b>Tools:</b><br>VS Code                                                                              |
| <b>Web Technologies:</b><br>HTML, CSS, JS                | <b>Core Concepts:</b><br>Object-Oriented Programming(OOP),<br>Database Management and Problem Solving |
| <b>Databases:</b><br>SQL, MongoDB                        |                                                                                                       |

### Projects

**Object Detection and Counting - Python, OpenCV, YOLO**

- Developed a real-time intelligent system for detecting and counting multiple objects using deep learning, implementing pre-trained models like YOLO/SSD/Faster R-CNN for high-accuracy detection.

**CODEX (Online Compiler) - HTML, CSS, JavaScript, Python, API Integration**

- Built a web-based IDE that supports writing, running, and compiling code in multiple languages, enhanced with an AI-powered module that explains code logic, errors, and improvements in natural language.

### Patent and Publications

- CODEX (Online Compiler)**  
Published in: HBRP Publication Docket  
Number: 108641

### Certifications and Achievements

- “Python Programming A-Z” – Udemy
- “C Programming Course for Basic to Expert” – Udemy
- “24Hours HACKATHON” – VELLORE INSTITUTE OF TECHNOLOGY - CHENNAI

### Additional Information

**Area of Interest:** Software development, Deep learning  
**Language:** Tamil, English
